PROFESSIONAL SUMMARY:

Hello I am Raveena, a dedicated and forward-thinking professional, who holds a Diploma in Electronics Engineering from Government Polytechnic Dehradun, Pithowala. With an impressive 1.5-year tenure at Escorts Kubota Limited, I showcased my prowess in problem-solving and technical acumen within the engineering domain. Eager to embrace the transformative power of technology, I made a seamless leap into the IT sphere. Thriving as a Frontend Developer, I am currently augmenting my skills through an intensive Full Stack Web Development course at Massai, propelling myself into the heart of cutting-edge innovation.

PROJECTS:

Indiegogo [Live Demo Link](#) [Github Repo Link](#)

React.js Responsive Web Design JavaScript HTML5 CSS3

Git

- Created an exciting crowdfunding campaign on Indiegogo, a popular platform for supporting new ideas and projects.
- Implemented an automatic image slider coupled with seamless pre and next functionality, enhancing the visual storytelling aspect of the campaign. *React.js*
- Used Chakra UI to integrate user-friendly elements such as drawers and modals, offering intuitive navigation and enhanced user interaction. *React.js, HTML5, CSS3*
- Made the cards in the campaign transition smoothly when clicked for a better visual experience. *React.js, CSS3*
- Engineered a secure and robust login/logout system to ensure user privacy and accessibility. *React.js, JavaScript*
- Applied responsiveness for the overall user experience, making it easier for people to engage with and navigate through the project, whether they're on a desktop computer, tablet, or smartphone. *Responsive Web Design*

WORK EXPERIENCE:
